Honoring Mike McQuaid

When Mike McQuaid held the first fundraising breakfast for the Human Services Campus in 2004, before the Campus' official 2005 opening, about 40 people attended to learn about this revolutionary, collaborative approach to alleviating homelessness in downtown Phoenix and across Maricopa County. Deeply involved in the planning, funding, and vision for the campus, Mike and the other co-founders had no idea the Campus would soon become a national model of a how a public and private partnership could be so successful in addressing homelessness.

Mike's vision, commitment, and advocacy were reflected not only in his leadership role, but also in his personal commitment and connection to the men and women experiencing homelessness and the campus that served them. Mike was deeply involved with the campus on a daily basis. He knew clients and staff by name, and was considered a mentor, friend and father-figure to so many people. Twenty years later, we continue to strive to "Be like Mike", serving more individuals every year and challenging the community to make systems changes to end homelessness for good.

We continue the Mike model of fundraising through the annual Mike McQuaid I Am Home Breakfast, and visitors from across the U.S. continue to visit the Campus to learn how to apply its successes to their respective communities.

Thank you, Mike McQuaid, for your relentless pursuit of solutions to end homelessness and for your legacy that inspires us all.

Your Gift

Last year, Keys to Change served over 18,000 individuals experiencing homelessness; an increase of 4,000 from the previous year. Homelessness is rising in Maricopa County and Keys to Change is here to help as many as possible on their way to permanent housing.

In January 2025, Keys to Change will proudly begin operating the Brian Garcia Welcome Center for 24 hours a day—the only 24-hour, walk-in site in Maricopa County. Any time an individual arrives at Key Campus, they will be met by caring staff, a safe space, food and more.

Your support allows us to continue offering robust services including shelter, intakes, assessments, outreach, weather relief, safe storage, showers, and, of course, connection to permanent housing.

Now is the time to join us in the fight to end homelessness.

Thank you for your support!
