Honoring Mike McQuaid

Mike McQuaid believed homelessness was a solvable problem. He started the annual I Am Home Breakfast in 2004 as a fundraiser to support the creation of the Human Services Campus. Donations raised from this event today allow us to work to end homelessness for people at the Campus and to end it at a systemic level in the community.

Mike's passion continues to ignite a fire in many of us. We gather this morning to celebrate the successes of the people we serve, as we continue to build on the work built by Mike's compassion and leadership.

Mike, we remember you with love, gratitude and hope!

Your Gift

As we are all painfully aware, with the increase in the number of people experiencing homelessness, HSC and its partners are serving more clients than ever with a 17% increase from FY2022 to FY2023. We collectively shelter 900 individuals every night. HSC's role in addressing this need includes the 95-bed sprung structure shelter called Respiro, 24/7 services in the Brian Garcia Welcome Center, and Regional Street Outreach. This is in addition to all of the services we continue to provide, from intakes, assessments and the post office, to The Lodestar Day Resource Center Day Room, showers, safe storage and navigation to housing. Combined with all of the partner services, the Campus is a special place that meets the needs of many.

All of these services ultimately lead to people moving into permanent housing. Your gift today allows HSC staff to serve 14,000 people annually, doing whatever it takes to end homelessness.

Thank you for supporting us!
